Things are comin' down on me
They never seem to let it be
It seems like everything I say just starts another fight
The pressure's buildin' up inside
I gotta let it out tonight
Shattered glass will cure my ills and make me feel
alright

Gonna break it
And never stop runnin' yeah
Makin' nothin' from somethin' yeah
Makin' nothin' from somethin' yeah

Cut me for the lion's share
It's mindless but I don't care
'Cause no matter what I say, I'm in a another fight
Take more shit, I've had enough
Tonight I'm gonna rip it up
Broken windows cure my ills and make me feel alright

Gonna break it
And never stop runnin' yeah
Makin' nothin' from somethin' yeah
Makin' nothin' from somethin' yeah

Gonna break it
And never stop runnin' yeah
Makin' nothin' from somethin' yeah
Makin' nothin' from somethin' yeah
Gonna break
