Look at you soldier boy now
With that big gun in your
Little hand
As you patrol this foreign land
Hear the mine that clicks
Beneath your feet

Hey, hey, woh
Now do you see the light
Fading while your world is crumbling
Out on patrol
And all you can do is sit and stare
What revelation have you now?
What culmination to your speck of life?
Your moment in time

As you sit here all alone
Will your buddies
Come and save your life?
But as the enemy appears
See your life flash
Before your eyes

Hey, hey, woh
Now do you see the light
Fading while your world is crumbling
Out on patrol
And all you can do is sit and stare
What revelation have you now?
What culmination to your speck of life?
Your moment in time

Now do you see the light
Fading while your world is crumbling
Out on patrol
And all you can do is sit and stare
What revelation have you now?
What culmination to your speck of life?
Your moment in time

It's your life
It's your life

It's your life
(Ohh, ohh ohh)
It's your life
It's your life
It's your life
(Ohh, ohh ohh)
Un dos tres gantro!
