Feel the way it goes when the words have left the mark
With the promise of tomorrow,
That drinks leaves you in the dark
There's something in the air,
And there's something rising up
Not one but a million that have had enough

Chorus:

Hey, no, now
I'm not good at going away
I got something more to say
Kick it, screaming, It knocks you down, it knocks you
down
Hey yo, go, underneath I'll tear you down
Secrets from the underground,
... stop so far!

This is not an anthem,
Or a threat in someone's name
But a promise that tomorrow
Will rock and burn, if things don't change
There's something in the air,
And There's something rising up
Not one but a million that have had enough!

Chorus:

Hey, no, now
I'm not good at going away
I got something more to say
Kick it, screaming, It knocks you down, it knocks you
down
Hey yo, go, underneath I'll tear you down
Secrets from the underground,
... stop so far!

Underneath we'll tear you down
Oh, oh, oh, secrets from the underground

Chorus:

Hey, no, now
I'm not good at going away
I got something more to say

Kick it, screaming, It knocks you down, it knocks you
down
Hey yo, go, underneath I'll tear you down
Secrets from the underground,
... stop so far!
Hey yo, go
Hey yo, go
Secrets from the underground,
... stop so far!
