## "So Alone"

Look at the crowd and tell me whether  
All are surrounded  
But none are together  
If you're awake look all around and  
At all of the people  
Still you're so alone

So alone  
So alone  
So alone

Yeah  
Yeah  
Yeah

If I could I'd make a suggestion  
Without sounding preachy  
Or begging the question  
Melt with your minds  
Melt with each other  
Don't be surrounded  
Don't be so alone

So alone  
So alone  
So alone

Yoo  
Buck up  
Great  
Die  
(Die)
