Hey now do you
See me down the way?
Been watchin' you every day
In my car, on your street
Is where I stay

I know you better that way
One day I'll be meetin'
You for real
You'll feel
Bent like I feel

And I'm pluggin' away
(You gotta plug away, you gotta plug away)
And the voices told me to plug it away
(You gotta plug away, you gotta plug away)

Hey now when I'm knockin'
On your door
This special delivery is yours
My infatuation, it's a truth
Hello, got somethin' for you

And I'm pluggin' away
(You gotta plug away, you gotta plug away)
And the voices told me to plug it away
(You gotta plug away, you gotta plug away)

If you hadn't sold me I'd still be away
(You gotta plug away, you gotta plug away)
Then I'll be on my way
Dreamin' you okay

(Oogaa chaka, oogaa chaka)
(Oogaa oogaa)
(Oogaa chaka, oogaa chaka)
(Oogaa oogaa)
(Oogaa chaka, oogaa chaka)
Can't break from my sins
(Oogaa oogaa)
(Oogaa chaka, oogaa chaka)
Cannot break

(Oogaa ooga)
(Oogaa chaka, ooga chaka)
Can't break from my sins
(Oogaa ooga)
(Oogaa chaka, ooga chaka)
Cannot break
(Oogaa ooga)

But you can't kill a man when he's got no hope
(Oogaa ooga)
(Oogaa chaka, ooga chaka)
You can't kill a man when he's got no hope
(Oogaa chaka, ooga chaka)

(Oogaa ooga)
You can't kill a man when he's got no hope
(Oogaa ooga)
(Oogaa chaka, ooga chaka)
You can't kill a man when he's
God, help me

And I'm pluggin' away
(You gotta plug away, you gotta plug away)
And the voices told me to plug it away
(You gotta plug away, you gotta plug away)
If you hadn't sold me, I'd still be away
(You gotta plug away, you gotta plug away)

Then I'll be on my way
When you breathe onto me
