I dare to remember  
The echoes and embers  
Are heavy on my mind  
The pictures are broken  
The front door is open  
The scars are left behind  
Tables turn, your words - they burn  
They're leaving me undone  
I flinch and shake until I break  
I swear to god  
For once, could you just heal me  
Just really heal me  
I've been drowning in a sea  
Of trying to please you  
It's all I'll ever be  
It's all I ever knew  
I try to be me  
But I'm turning into you  
Music is hurting  
The drugs aren't working  
The walls come crashing down  
A mental rejection  
My insurrection  
It's crawling back somehow  
Tables turn, these words - they burn  
I never should have come  
I flinch and shake until I break  
I swear to god  
For once, could you just heal me  
No really, heal me  
I've been drowning in a sea  
Of trying to please you  
It's all I'll ever be  
It's all I ever knew  
I try to be me  
But I'm turning into you  
Turning into you  
I'm not how I used to be  
I'm changing 'cause of you  
I'm screaming just to breathe  
It's all that I can do  
I try to be me

But I'm turning into you  
Turning into you  
Any more, find a way  
Any more, find a way to there  
It's all that I can see  
It's all that I can do  
I try to be me  
But I'm turning into you  
I've been drowning in a sea  
Of trying to please you  
It's all I'll ever be  
It's all I ever knew  
I try to be me  
But I'm turning into you  
Turning into you  
I'm not how I used to be  
I'm changing 'cause of you  
I'm screaming just to breathe  
It's all that I can do  
I try to be me  
But I'm turning into you  
Turning into you  
Turning into you
