What in the world happened to you?

Before you started tokin' you used to have a brain
But now you don't get even the simplest of things
I can draw a little picture or even use my hands
I try to explain but you just don't understand
Man you're really losin' it
And you've really done a lot of junk now
But you keep on abusin' it
What in the world happened to you?

It's bad enough you do it, you do it to yourself
But taking someone with you
Well you know that's something else
I say I'm not that kind of person
I'm not that kind of man
I try to explain but you just don't understand
Man you're really losin' it
And you've really done a lot of junk now
But you keep on abusin' it
What in the world happened to you?

Man you're really losin' it
And you've really done a lot of junk now
But you keep on abusin' it
What in the world happened to you?

I might be sympathetic or cut a little slack
If I thought that you were willing to give a little back
But you do it in the morning
You do it in the night
You lie to refrain from just facing your life
So I'll see you tomorrow
You'll be gackin' up again
I'll see you in a coffin by the time your wad is spent
I think of all the times that I tried to lend a hand
I try to explain but you just don't understand
Man you're really losin' it
And you've really done a lot of junk now
But you keep on abusin' it
What in the world happened to, what in the world
happened to, what in the world happened to you?
