What in the world happened to you
Before you started tokin' you used to have a brain.
But now you don't get even the simplest of things.
I draw a little picture, Or even with my hands
I try to explain, but you just don't understand

(hehey) man you really losing it
And you've really dune a lot of junk now
But you keep on abusing it
What in the world hapned to you

It's bad enough you do it, (you do it) to your self
But taking someone with you
Well you know that's something else
I say i'm not that kind of person
I'm not that kind of man
I tryed to explain, but you just dont understand

(hehey) man you really losing it
And you've really dune a lot of junk now
But you keep on abusing it
What in the world hapned to you

I might be sympathetic or cut a little slack
If i thought that you were willing to give a little back
But you do it in the morning
You do it in the night
You lie to refrain just facing your life

So i'll see you man tomorrow
you'll be gackin' up again

I'll see you in a coffinby the time your wad is spent
I think of all the times that I tried to lend a hand
I trye to explain, but you just dont understand.

(hehey) man you really losing it
And you've really dune a lot of junk now
But you keep on abusing it
What in the world hapned to you

What in the world hepned to
What in the world hapned to
What in the world hapned to you
