He's one of a kind, yeah one in a million  
He will eat your heart alive  
You won't feel it coming  
Reality has struck  
You're out of luck  
We've shed many tears together  
I still can feel you're near  
You said "I'll be there eternally, I swear"

I can't be running, can't be hiding  
Love will set us free  
He's not the one he claims to be  
Beware of him!

He's a fallen angel  
Sent to set my spirit free  
He's a falling angel  
Who came to me in my dream

He's striking hard without a warning  
At those who still believe  
We didn't find the time to open up our eyes  
And see the signs  
Now it's been three years and counting  
We have lived a life in fear  
You said "I'll be there eternally, I swear"

I can't be running, can't be hiding  
Love will set us free  
He's not the one he claims to be  
Beware of him!

He's a fallen angel  
Sent to set my spirit free  
He's a falling angel  
Who came to me in my dream  
He's a fallen angel  
Heaven sent for you and me  
He's a falling angel  
Who came to me in my dream

Tell me why I still feel you breathing  
Down my neck and up and down my spine

He's a fallen angel  
Sent to set my spirit free  
He's a falling angel  
Who came to me in my dream  
He's a fallen angel  
Heaven sent for you and me  
He's a falling angel  
Who came to me in my dream
