You had your chance to make it right  
But you screwed it up again for the millionth time  
You're just a small-town boy, afraid of getting hurt  
You don't trust anyone, 'cause you got your fingers  
burnt

You can't be running around  
This ain't no fairytale  
'Cos it's time to settle down again  
Don't throw it all away

Yeah you're flying high  
Living your life in a fantasy world  
You're just living it up  
Waiting around for your fantasy girl  
Flying high!

Is this your way to live your life  
'Cause all I see is a dark and empty broken heart

You can't be running around  
This ain't no fairytale  
'Cause it's time to settle down again  
Don't throw it all away

Yeah you're flying high  
Living your life in a fantasy world  
You're just living it up  
Waiting around for your fantasy girl  
You can't fly!  
Flying high  
Living your life in a fantasy world  
You're just living it up  
Waiting around for your fantasy girl  
Flying high!

You hide your feelings behind your wall  
And nothing gained is nothing won  
Your tender heart has turned to stone  
Will you find your place to call home?

Yeah you're flying high  
Living your life in a fantasy world  
You're just living it up  
Waiting around for your fantasy girl  
You can't fly!  
Flying high  
Living your life in a fantasy world  
You're just living it up  
Waiting around for your fantasy girl  
Flying high!
