If I were to ask you one question
Would you be honest with me
If I were to miss everything about us
Would you maybe then feel like I feel?

Words still unspoken
We're falling to pieces
Please don't keep me frozen inside

Cause I ask myself why?
I know that there's more to this life I've been given
This time I can't live a lie
Oh how I just need you to see
I still believe in you and me
So give me a sign

If I were to tell you I'm sorry
Could we somehow compromise?
If I were to promise you all that I am
Could you give us a chance to survive?

Everyday I die
A little more
My heart is totally empty inside

Cause I ask myself why?
I know that there's more to this life I've been given
This time I can't live a lie
Oh how I just need you to see
I still believe in you and me
So give me a sign

Give me a sign
Whoa-oh
If I were to ask you one question
Would you be honest with me

Cause I ask myself why?
I know that there's more to this life I've been given
This time I can't live a lie
Oh how I just need you to see

I still believe in you and me
So give me a sign

Cause I ask myself why?
I know that there's more to this life I've been given
This time I can't live a lie
Oh how I just need you to see
I still believe in you and me
So give me a sign
