Look at the way she dress  
Why ya new girl's a mess  
See that I was the best  
And now you callin' me a hater  
Instigator  
But I'ma do what I do  
To break up the two of you

How come we didn't work  
What's so different 'bout her  
It's plain to see that I'm hurt  
And I don't care if I'm a hater  
Instigator  
But I'ma do what I do  
To break up the two of you

I saw you with your girl  
She ain't your type  
Your dissin' me for her  
And that ain't right  
You need to let her go  
'Cause I hear the chick is just a hoe, hoe, hoe

But hold up yo  
Two weeks ago  
Said that you love me  
But then broke it off  
Watch out whatcha do  
'Cause I'm comin' through  
Ain't no love for you  
How could you hurt me so

Look at the way she dress  
Why ya new girl's a mess  
See that I was the best  
And now you callin' me a hater  
Instigator  
But I'ma do what I do  
To break up the two of you

Guess who I saw - with her new boo

Was your shorty, she's playin' you  
Cheated on me  
Now it's comin' back to you times three

My friends say that you  
Ain't worth my time  
But I can't get you off my mind  
Try to act hard, boy you broke my heart  
Let me start, in the dark  
I won't stop - I won't stop  
No, no

Look at the way she dress  
Why ya new girl's a mess  
See that I was the best  
And now you callin' me a hater  
Instigator  
But I'ma do what I do  
To break up the two of you

Look at the way she dress  
Why ya new girl's a mess  
See that I was the best  
And now you callin' me a hater  
Instigator  
But I'ma do what I do  
To break up the two of you
