I can't walk away  
I know we were wrong before  
But I can't break free  
Can I open my heart  
Can I trust you to be there once again  
Is it all meant to be

I remember the times we had  
We just couldn't get enough  
Should we bring back those days again  
Should we leave them all behind

How will I know  
How will I know  
Will you break my heart again  
How will I know  
How will I know  
Will it tear apart again  
Please tell me will it be the same  
Have I wasted my time again  
How will I know  
How will I know  
Are you now for real

Can we be more than friends  
And go down that road again  
Should we give it a try  
You swept me away  
But you left me with a hole in my heart  
Was it all a lie

I remember the times we had  
We just couldn't get enough  
Should we bring back those days again  
Should we leave them all behind

How will I know  
How will I know  
Will you break my heart again  
How will I know  
How will I know

Will it tear apart again  
Please tell me, will it be the same  
Have I wasted my time again  
How will I know  
How will I know  
Are you now for real

I think it could work  
'Cause I always come back to you  
So when we learn, burn  
Will our love return  
'Cause we can't go on  
This way anymore  
Don't know where to turn to, run to

How will I know  
How will I know

How will I know  
How will I know  
Will you break my heart again  
How will I know  
How will I know  
Will it tear apart again  
Please tell me, will it be the same  
Have I wasted my time again

How will I know  
How will I know  
Will you break my heart again  
Are you now for real

I wanna know  
I wanna know  
I wanna know  
I wanna know  
I wanna know  
I wanna know  
I wanna know  
I wanna know!
