How'd it get so complicated  
I'll never understand  
Baby you can't explain why you run away  
Is it just because you can  
I've gotta face the music  
I've gotta take a chance  
But things can change, they can rearrange  
With not the same song and dance

Don't leave me alone with just these thoughts in my  
head  
Can you be the one to say the words that need to be  
said

You can't drown in a river of love that isn't deep  
enough  
You can't fly with your broken wings

I'm just a creature of habit  
Maybe just set in my ways  
I'd rather reach out and grab it  
I've never been the one to wait  
Round and round we go again  
We just need more time  
The point of no return is where you learn  
You've reached the end of the line

Just say goodbye  
You can leave me high and dry  
I don't need your kisses  
You know the reasons why

You can't drown in a river of love that isn't deep  
enough  
You can't fly with your broken wings  
Don't wait for tomorrow, that was yesterday  
I don't want to follow while you lead the way

Can't drown

You can't drown in a river of love that isn't deep

enough  
You can't fly with your broken wings  
Don't wait for tomorrow, that was yesterday  
I don't want to follow while you lead the way
