Chorus:

Santa Claus in the hood
Santa Claus in the hood
Santa Claus in the hood
Santa Claus in the hood

Once upon a time in the... of the hood
There was a young named... everything was all good
Woke up in the morning, thank God for today
I got everything I want, I mean what can I say?
Put my clothes on then I...
Cold outside, so you know my next...
Run out the street, pissing in the street
Is six o'clock, try to be one, or tree
Jingle bell, jingle bell, jingle bell, jingle bell...
Kids all... grand my...
... to the game, put me under the tree
But I'm a star, so put me on top of the tree!

Chorus:

Santa Claus in the hood
Santa Claus in the hood
I'm cooking on a stove everybody feeling good!
Santa Claus in the hood
Santa Claus in the hood
... grab my Santa!
Santa Claus in the hood
Santa Claus in the hood
Gifts under the tree, anything I...
Santa Claus in the hood
Santa Claus in the hood
You can feel the Christmas spirit coming through my
lyric

Snow fall and you can see it on the ground
And I've got my whole family coming in town
Everybody all smiles, no time for a frown
December 25th, winter day went down.
And I got girls trying to meet me at the...

No, no, sorry, baby gotta hit the dough

Even though on Christmas, I've been trying to hit the
dough
Freezing cold outside, man it's...
God bless me this much this year
So I'mma share my gift like the man on the...
I hear they people cheer and it make me feel good
Big shout at the same... for coming to the hood.
Eating cookies on the couch, playing...
I caught Santa putting gifts right under the trees
So I... like Santa what you got form me?
All I used... for Christmas...
For all I want now is a flat screen TV
Better yet, MAKE IT 3D
It was like ho ho ho, boy
You should wait in line, before I give you a tour!
I was like wait, Santa, you should take my advice
When it comes to the mic, people say that I'm nice
But you can say that I'm nice, cause I'll be rolling the
dice
He was like "take the TV, and get on with your life!"

Chorus:

Santa Claus in the hood
Santa Claus in the hood
I'm cooking on a stove everybody feeling good!
Santa Claus in the hood
Santa Claus in the hood
... grab my Santa!
Santa Claus in the hood
Santa Claus in the hood
Gifts under the tree, anything I...
Santa Claus in the hood
Santa Claus in the hood
You can feel the Christmas spirit coming through my
lyric
