Album: The Way We Do

Midnight Friday night feelin' right  
It's about that time  
Call my girls see what's up  
Tell my dogs meet us at the club  
We don't wait we walk right in  
See my dogs, fun begins  
Goin' straight to the V.I.P.  
Ain't no stoppin' this party

My crew yo crew what they wanna do  
So many n\*\*\*\*\* that I'm gone choose  
Always in the V.I.P first class  
Hear my song bumpin' gotta shake my  
What's up, drinks on you  
Remy on the rocks if they ain't got Blue  
I know my dogs got me so you know they got you  
'Cause that's the way we do

Everything's alright, it's all love  
Kinda hope these thugs don't mess it up  
Got my Blue and it ain't my last  
Gonna shake it up, gonna flirt like mad  
Blaze one from the private stash, it's on me (puff, puff,  
pass)  
Gettin' right (with) my girls and my guys  
Set this party off tonight

My crew yo crew what they wanna do  
So many n\*\*\*\*\* that I'm gone choose  
Always in the V.I.P first class  
Hear my song bumpin' gotta shake my  
What's up, drinks on you  
Remy on the rocks if they ain't got Blue  
I know my dogs got me so you know they got you  
'Cause that's the way we do

Let's get this party started right  
My girls & my guys  
Let's get it crunk tonight
