Wrath to the industry

Get over yourself, they can see right through you
We are the future like no one ever knew you
Got the swag of a coward and the heart of a nemesis
If you don't like these lyrics then go listen to Genesis
Sega. We ain't playing games
You took demise we'll take the fame

And I can't wait to say whatever
And I can't wait to shed some light
On every little thing you've broken
And get on with my life
And I can't wait to be whoever
And I can't wait to speak my mind
On every little thing you've broken
And get on with my life

I heard from your friends
That you've been stricken with fear
Desperate for press in your pathetic career
Can't get out of debt since your sales took a dive
You can find out the hard way cowards never thrive

If you'd cut records like cocaine
You could still have a fucking name
Yeah I guess I took it too far and I know the truth hurts
But if you're scared bitch, go to church

And I can't wait to say whatever
And I can't wait to shed some light
On every little thing you've broken
And get on with my life
And I can't wait to be whoever
And I can't wait to speak my mind
On every little thing you've broken
And get on with my life

If they let you into heaven then I'd rather go to hell
You think you're buying your way to the top
With all that bullshit that you sell
God's not naive like the fans you deceive

Even the devil was an angel
What the fuck did he achieve?

Wrath to the industry and everything it used to be

And I can't wait to say whatever
And I can't wait to shed some light
On every little thing you've broken
And get on with my life
And I can't wait to be whoever
And I can't wait to speak my mind
On every little thing you've broken
And get on with my life
