When the fire goes on and the lights go down
Deejay keep playin' that beat for me tonight
When the fire goes on and your love's not around
Deejay keep playin' that beat for me tonight

You know I've gotta do
Everything in my power
I know that a light's gone down
You've gotta show me, I've gotta show you
You've gotta see, the way that I do
I know, there's nothing more
I'm gonna be a mighty star
And I'm gonna show you what for!

When the fire goes on and the lights go down
Deejay keep playin' that beat for me tonight
When the sound of love's all that's around
Deejay keep playin' that beat for me tonight

If there's one virtue that I ask for you
It's that you meet me here tonight!
When I put my strength into this tonight
I expect you to show!

When the fire goes on and the lights go down
Deejay keep playin' that beat for me tonight
When the sound is all that's around
Deejay keep playin' that beat for me tonight
