Time time don't let me down  
You're the man in my play ground  
What you say i will obey- night and day

Feel free to turn me on  
Feel free to change my song  
I will count and you will go on  
Sing my song- I say

Time time could you be mine  
I will feed you songs and wine  
I 'll make you lazy , I'll make you late  
Wait wait wait

Wait wait we two are one  
But you always take the lead  
I lay down and you just run  
Mind your speed- i say
