So sing along and learn to heart.

You leave yourself dead where you stand,  
So soft, pretty and delicate.

You've made it now, they've seen it all,  
But the sleepless nights have gone too far.

You're killing yourself when you lie.  
(They take their toll)  
So, close your legs and open your eyes.

I'll make a man,  
Out of you.  
I'll make a man of you, boy.  
So pick up the gloves,  
Put down the toys,  
While I pick my weapon of choices.  
I have made, I regret,  
But you know,  
I'll pick up the pieces and earn some respect.

Dream, if you please but,  
Dream as if you'll live forever.  
And live as you wish but,  
Live as if you'll die today.

I ain't no James Dean,  
This rebellion has it's cause.  
You can't pick up where I left off,  
'Cause you know you're in the wrong.

This will be the death of you.  
This is it, 'cause we all know, you're afraid of the  
Truth.  
Take this as a warning, a simple thing.  
Make this something that you'll hold, close to your  
Heart.  
Please, write this down.  
Please, make this yours.  
Learn the word forgiveness, and I'll show you...

Grace like you never have seen.  
Grace like you never have seen.  
I'll show you grace.

This life is moving, it's moving on...  
It's alright...

It's alright, but I know I shouldn't trust you.  
It's okay, but I never should have said,  
It's alright...

It's okay, but I know I shouldn't trust you.  
It's alright, but I never should have said,  
It's alright...

It's alright.
