I never said, I'd be coming back for you.
I never said, I'd be coming back for you...
I never said that, I wish...

I wish that you could see, feel something or just
believe,
But you're not here you're way past dead, your heart,
it's doesn't bleed.
You took a part of me, ripped from my very soul.
Now I feel like giving up when you're losing control.

And, I fear that I've married a ghost, you appeared
To have this heart of gold, and I fear, that you've sold
my soul.
The devil's crawling on my back to take you...

Disguised your demons drag you straight to...
Lying, cheating, you think I don't know what you did?
You think I don't know what you did?

Have many long to breathe, the dead are listening,
Buried you with my faith, these few last words regret to
say.
Can't do this on my own, I can't be all alone,
I've held my tongue for far too long, this silence kills
me...

And, I fear that I've married a ghost, you appeared
To have this heart of gold, and I fear, that you've sold
my soul.
The devil's crawling on my back to take you...

I never said, I'd be coming back for you.
I never said, I'd be coming back for you.
And now I sing, for everything that I've lost.
And now I scream for everything that I've loved.
Everything...

And now we sing (we sing) for everything that we've
lost
And now we scream (we scream) for everything that

we've loved.

We left our voices scream, we left our...

And now your demons have found you,
And now like shadows surround you,
And now these demons have bound you,
And they're dragging you back to hell.
