Now, ready set, lets take this offense in our hands.  
We won't be cast aside, you live your life, just..

Well you can have, the whole wide world,  
The best part was in our-  
How, can you say that you're me,  
When it's, easy to see, that you're, fake.  
How, can you say that you're me,  
When it's, easy to see, that you're, fake.

This is not a high fashion flask.  
You can pay for school,  
But you can't hide glass.

You can have, the whole wide world,  
The best part was always in our hands.  
You can have the whole wide world,  
The best part was in, our, hands.  
And you can have, the whole wide world,  
The best part was always in our head.  
And you can have, the whole wide world,  
The best part was always-

When I'm cast aside, this can't be stopped by pride, no.  
Cast aside, we won't be stopped, by pride.

We've been, waiting to show you,  
We've been, waiting to take this back.

This world will be ours, we won't stop at nothing now.  
This world will be ours, we won't stop at nothing.
