"5 Steps"

Visit "[5 Steps](#)" on MotoLyrics.com

See I'm the kind of man
That will never treat you wrong
You gotta understand
He be on that other shit
He's not the type of guy
That will treat you right
Or get the things you like
Satisfy your appetite
Cause he don't even drive
And when you wanna sneak out
In the middle of the night
Whoa, I got you girl
Baby I can treat you right
You should leave him

Let me give you 5 steps to delete him
1, don't answer, 2, walk past him,
3, delete his number, 4, ignore his mama
5, look for another
Girl I'm telling you what you should
To get rid of your dude
To get rid of your dude
To get rid of your dude
Girl I'm telling you what you should do

... dude, and I bet that he be acting cocky, so cocky
Tryina holler at girls when you ain't watching
I'm just being real Shawty I ain't blocking
Cause I know how it is, and I'm tryna stop it
I know how, to make you feel good
Let me show you what you need
Baby I could treat you right,
You should leave him

Let me give you 5 steps to delete him
1, don't answer, 2, walk past him,
3, delete his number, 4, ignore his mama
5, look for another
Girl I'm telling you what you should
To get rid of your dude
To get rid of your dude

To get rid of your dude
Girl I'm telling you what you should do

First of all you need to stop trippin
Leave that scrub and come and get with me
I know you're used to all that slick dissing
But I ain't even in to that
I'm tryina fix you up where you bet he at?
Cause he lost you and I got you
Me and you that's equal too
And I ain't worry bout no girl
Cause my eyes are for you
He put a scratch on your face I put a Kors on your wrist
He leave you with a frown I leave you with a kiss
I'm throwing you the pass girl, catch the assist
It's a new season, leave his ass on a bench

Let me give you 5 steps to delete him
1, don't answer, 2, walk past him,
3, delete his number, 4, ignore his mama
5, look for another
Girl I'm telling you what you should
To get rid of your dude
To get rid of your dude
To get rid of your dude
Girl I'm telling you what you should do.
