Callin, she's callin'
callin, keeps callin'
My phone, she say she want me to come over
after I leave the studio
she wanna hear that new beat
that I'm singin on
she says jacquees that's my favourite song
I I can play it all night long
Rewind it, play it, play it all night long

Chorus:

You'll be in here singin my melodies all night, a-a-all all
night
climb on top at the harmonies, all night, a-a-all night
long
we're gonna play our favourite song, all night, a-a-all
night
girl we gonna play your favourite song all night, a-a-all
night

She said, she said, she said
I know make this gest for me
Oh girl I'm us confess
I love the way you ride the beat

If you wanna, I know you wanna
oh baby if you wanna,
I I can play it all night long
room wounded, play it, play it all night long

2 x Chorus:

You'll be in here singin my melodies all night, a-a-all all
night
climb on top at the harmonies, all night, a-a-all night
long
we're gonna play our favourite song, all night, a-a-all
night
girl we gonna play your favourite song all night, a-a-all
night

Now turn it up, don't turn it down, no

turn it up, 'cause tonight is going down

[Chorus:]

ALL night
all night
Yeah
