Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl tell me if you like it
Tell me, tell me,
Girl tell me if you like it
Tell me, tell me
Girl tell me if you like it
Tell me when
Just say go
Let me know,
Baby we're
We're both grown, don't you know
... what you say?
Take your pic off they list
They ain't shit
When the young boy pop up
She gonna live the top block
Let me put you my team
And baby you gonna wave my flag
She said boy I'm a little bit older
But girl I guess I'ma show you
Even though I don't know you
Come on

Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl tell me if you like it
Tell me, tell me,
Girl tell me if you like it
Tell me, tell me
Girl tell me if you like it

Girl I know you've been

Thinking about me, though like you can't forget
Remember that night you were smiling
Whispering in my ear
You said in a couple ears, I'ma ... you
And when I get older, you can come over
And I can show you just what it is
So baby whatever happens tonight
We'll just keep that between you and I

Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl tell me if you like it
Tell me, tell me,
Girl tell me if you like it
Tell me, tell me
Girl tell me if you like it

Girl I know you like it
You want some more, want some more
Girl I know you like it, like it
You want some more, want some more
Girl I know you like it
You want some more, want some more
See girl I know you like it, like it
You want some more, want some more

Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl I'm just a young boy
But I'm doing that grown man shit
I'm doing that grown man shit
Girl tell me if you like it
Tell me, tell me,
Girl tell me if you like it
Tell me, tell me
Girl tell me if you like it.
