I'm happy today because I'm in love and feeling afraid  
Oh I hop off the train singing your name  
I knock on your door I don't know what to say  
When you answer I just smile and say "hey"  
I'm happy today I'm up on a cloud  
and caught in the fray  
Oh I'm pacing the floor in the scarf that I wore  
on the day that we met by the old statuette  
of an infant in the nude  
We both thought it was lewd

Its a gas to be cast in the haze  
and I've been there four days  
Yes I've been there four days

I wanted to play the fabulous game you taught me  
yesterday but it's impossible to play when you're away  
I take all of my books and I toss them aside  
I don't want to read them now  
Proust pales to you somehow

Its a gas to be cast in the haze  
and I've been there four days  
Yes I've been there four days  
I'm so turned on that nothing can bum my trip  
Its a gas to be cast in the haze  
and I've been there four days  
Yes I've been there four days
