I drove miles and miles just to get here.
Just to see your face again,
Just to see your smile and that look in your eye's.

But the spark i thought we left here,
Has faded over time.
We just let it slip by and we didn't ask why,
and now its too late to try.

I know that theres something here,
But i feel like its disappeared.
When im hearing your voice I feel like there's no chice
but to go.

Cause I,
Will try,
To find,
The reasons why, The reasons why.

I just wanna understand what changed with us,
Was it me was it you,
Theres no one to blame we just dont feel the same
anymore.

I just want it back how it was before,
Back when things were so real and true,
Could we try any more or should i just walk out that
door.

I know that theres something here,
But i feel like its disappeared.
When im hearing your voice I feel like there's no chice
but to go.

Cause I,
Will try,
To find,
The reasons why, The reasons why.

Cause I,
Will try,
To find,

The reasons why, The reasons why.

Theres no use in holding on,
This romance is dead and gone,
Should i just walk away; Should i stay one more day i
dont know.

Cause I,
Will try,
To find,
The reasons why, The reasons why.

Cause I,
Will try,
To find,
The reasons why, The reasons why.

To find,
The reasons why, The reasons why.
