One Friday night i took a pill or maybe two,
Down at the car park,
as for everyone i knew.
And before the night had started,
we had planned to crash a party,
just to blaze it somewhere new,
a local house belonging to a gangster's crew.

And at the door they shine a light into my face,
have to admit i felt a little out of place.
But i made my way inside,
past a thousand crazy eyes.
then a friend took me aside,
said "everyone he has a knife".

I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
nothing shocks me anymore, after tonight.

Those little doves,
that send my mind and heart a-beating.
to say i felt weird really doesn't need repeating.
It concerned to my attention,
the atmosphere of violence.
Then they took a guy outside,
and someone stabbed him with a knife,

I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
nothing shocks me anymore after tonight.

I've seen it all, I've seen it all now.
I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
nothing shocks me anymore, after tonight.

I've seen the light,
But not the kind i would have liked.
