Stuck in speed bump city
Where the only thing that's pretty
Is the thought of getting out

There's a tower block overhead
All you've got's your benefits
And you're barely scraping by

In this trouble town
Troubles are found
In this trouble town
Words do get 'round

Kick the bottom make troubles flee
Smoke until our eyes would bleed
Sparkle pop the seed

Hear the sirens down the street
The kids get light on their feet
Or they'll be in the back seat

In this trouble town
Troubles are found

Sitting on the pavement
Boy you've missed your payment
And they're gonna find you soon

If there's a beating in the rain
If there's a little bit of pain, man
You're the one it happens to

If I talk of getting out
I only hear the laughter loud
It's got an ugly echo

Somewhere there's a secret road

To take me far away I know
But 'til then I am hollow

In this trouble town
Troubles are found
In this trouble town
Fools are found

Sitting on the pavement
Boy you've missed your payment
And they're gonna find you soon

If there's a beating in the streets
If there's a feeling of defeat
You're the one it happens to

Stuck in speed bump city
Where the only thing that's pretty
Is the thought of getting out
