She took my heart when I was 15
I love everything about you
And now I honestly can't see
Going a single day without you

You are the air I breathe
You are my everything
Baby come and follow me
Till the end of the world
I won't live a day without your love
I won't live a day without your love

Now I've been flippin' through the dictionary tryin' to
find
The proper words that I could use to tell you what's on
my mind
But baby this time it's different and for me it's a first
Cause now I'm sittin' here with nothin' but a loss for
words
It's like you reset my heart and then erased my brain
The only thing that's not deleted in my head is yo name
So doctor please gimme some Adderall I'm havin'
trouble concenratin'
She hypnotized me, mastered the art of captivatin'
So there ya go, bravo, congratulations
A massive understatement if I said my heart was taken
Cause now I'm hooked I'll admit my heart's your puppet
I don't know how you did it but I love it cause you are
the...

Air I breathe
You are my everything
Baby come and follow me
Till the end of the world
I won't live a day without your love
I won't live a day without your love

I told myself a while ago I'd never let this happen
You're way too young to fall in love, just concentrate on
rappin'
But then you came along, and all my plans rearranged

And then suddenly, everything changed
Now you're my world, my sun, my moon and everythin'
between 'em
Some people kinda skeptical but baby we don't need
'em
We could run away, and never come back
Yeah we could leave today, pick anywhere on the map
As long as you're by my side I got a smile on my face
But when you're gone girl I swear that I feel so outta
place
I've know you've heard it before I can't say it enough
I couldn't live a single day without your love, because
you are the...

Air I breathe
You are my everything
Baby come and follow me
Till the end of the world
I won't live a day without your love
I won't live a day without your love

She took my heart when I was 15
I love everything about you
And now I honestly can't see
Going a single day without you

You are the air I breathe
You are my everything
Baby come and follow me
Till the end of the world
I won't live a day without your love
I won't live a day without your love

She took my heart when I was 15
