Yeah uh, pack ya bags and let's go  
First thing tomorrow morning  
Say goodbye to all that we know  
Leave a note in your room as a warning  
That you took a lifelong vacation  
And ya probably won't return home  
Don't care 'bout the destination  
As long as we are alone  
When the sun comes up  
Let's roll  
Grab your stuff  
Let's go  
We on cruise control  
Yeah, we on cruise control  
Top back with the windows down  
Yeah girl let's ditch this town  
Start a new chapter, write a new story baby

Let's hit the ground runnin' runnin' runnin'  
Pack ya bags baby let's go  
Stop for nothin' nothin' nothin'  
Flyin' down the open road  
Yeah, just keep on runnin' baby  
Just keep on runnin'  
We'll leave it all behind, we won't stop for nothing  
Just keep on runnin' baby  
Just keep on runnin'  
Just keep on runnin' baby, hit the ground runnin'

Let's start this journey  
We can wake up extra early  
And leave while the world still sleepin'  
Just follow me and don't worry  
Yea your heart's my compass  
I can take you wherever you please  
I'll even let you drive baby girl  
Just take my keys  
When the sun come up  
Let's roll  
Grab your stuff  
Let's go

We on cruise control  
Yeah we on cruise control  
Top back with the windows down  
Yeah girl let's ditch this town  
Start from scratch, we could start over baby

Let's hit the ground runnin' runnin' runnin'  
Pack ya bags baby let's go  
Stop for nothin' nothin' nothin'  
Flyin' down the open road  
Yeah, just keep on runnin' baby  
Just keep on runnin'  
We'll leave it all behind, we won't stop for nothing  
Just keep on runnin' baby  
Just keep on runnin'  
Just keep on runnin' baby, hit the ground runnin'

Yeah we be rockin' and rollin'  
There ain't no stoppin' or slowin'  
Yeah we be comin' and goin'  
And leavin' town with no warning oh woah (oh woah)  
Yeah we be rockin' and rollin'  
There ain't no stoppin' or slowin'  
Yeah we be comin' and goin'  
And leavin' town with no warning oh woah (oh woah)

Let's hit the ground runnin' runnin' runnin'  
Pack ya bags baby let's go  
Stop for nothin' nothin' nothin'  
Flyin' down the open road

Let's hit the ground runnin' runnin' runnin'  
Pack ya bags baby let's go  
Stop for nothin' nothin' nothin'  
Flyin' down the open road  
Yeah, just keep on runnin' baby  
Just keep on runnin'  
We'll leave it all behind, we won't stop for nothing  
Just keep on runnin' baby  
Just keep on runnin'  
Just keep on runnin' baby, hit the ground runnin'
