M:

If I can swing from chandelier  
I would do it right now if it got you here  
I would walk through the desert just to dry your tears  
Pay attention  
Started out we weren't even friends  
I never liked you  
Thought you were arrogant  
But all of a sudden I was feeling things  
Fantasising about diamond rings

Lies!:

(I had no idea it was you)  
A relationship is something I didn't wanna do  
(To do)  
But then you looked at me

Chorus:

I didn't know that I could get this crazy  
I can't sleep without your T-Shirt baby  
Write your name a thousand times  
Only way I can clear my mind  
I didn't know that what they said was true;  
Love has a way of sneaking up on you  
But it's alright, even though I'm a mess yeah I'll be  
alright  
Not afraid to confess it  
Yeah it's alright, I'll get it off of my chest and I'll be  
alright  
I'm just a little obsessed with you.

M: Just a little obsessed with you

J:

I'll put your picture in every room  
Coz staring at you's all I wanna do  
Would scream out your name in a crowded room  
For your attention.  
Shakespeare and it's Hollywood  
But boy you never felt so damn good  
I'm outta body and I'm outta my mind

Hands are off I'm gonna take this ride

L:

(Now at night I never get to sleep)  
I imagine you were laying next to me  
(Hey)  
And I'm dreaming

Chorus:

I didn't know that I could get this crazy  
I can't sleep without your T-Shirt baby  
Write your name a thousand times  
Only way I can clear my mind  
I didn't know that what they said was true;

And it's alright, even though I'm a mess yeah I'll be

M: just a little obsessed with you

L:

Nobody warned me that love could be this good  
I can't stop myself  
I never felt like this before oooooohhhh  
I didn't know that I could get this crazy  
I can't sleep without your T-Shirt baby  
Write your name a thousand times  
Only way I clear my mind

Chorus:
