Mariechan:

Before the break of day  
In my bed I silently lay  
My Soul had been freed at night  
Now it seems to have taken it's flight

Chorus

I have secrets in my keeping  
When the nights dark  
I am sick of all your lies and games  
You played your part  
In the shadow I'll no longer hide  
Still have my pride  
You the one who kept secrets from me  
Now you hate the me that you see

Secrets from me X2

Jacqui:

You want me to be unseen, unknown, unheard for the  
love that I've shown  
Locked away like I'm a prize  
I'm breaking away  
Baby I'll rise

Lies!:

No more tears for you I'll cry  
No more living in your lie  
No more wasting love and time  
When you were stepping outta line  
No more, no more, no more  
(No more, No more, No more)

Chorus:

I have secrets in my keeping  
When the nights dark  
I am sick of all your lies and games  
You played your part  
In the shadow I'll no longer hide  
Still have my pride  
You the one who kept secrets from me

Now you hate the me that you see (X2)

Nick G:

Now hold up baby take a look at your style  
It must be a dream as I'm caught up in denial

Jamali:

You're not the one for me (X2)  
No baby I say to you bye bye (X2)

Chorus:

I have secrets in my keeping  
When the nights dark  
I am sick of all your lies and games  
You played your part  
In the shadow I'll no longer hide  
Still have my pride  
You the on who kept secrets from me  
Now you hate the me that you see(X3)

Now baby I say to you bye bye(Repeat till fade)
