I wanna love you baby,
Like I never did before
Come let me love you
Wanna hold you in my arms again
I wanna love you baby,
Like I never did before
I wanna sing to you
The sweetest melodies

Into my heart.. you will always be

Baby everything you like
Baby I will give you everything that you need
Whatever you want babe
All you gotta do is just call me
Cause you are one of a kind
Always by my side like a woman should be
Woman I love you!
You're like a Jamboo melody

I wanna love you baby,
Like I never did before
Come let me love you
Wanna hold you in my arms again
I wanna love you baby,
Like I never did before
I wanna sing to you
The sweetest melodies.

Being with you lady
I could never run for
Baby I'll always always cherish our love
Even for more.

Baby everything you like
Baby I will give you everything that you need
Whatever you want babe
All you gotta do is just call me
Cause you are one of a kind
Always by my side like a woman should be
Woman I love you!
You're like a Jamboo melody

Come let me love you
Wanna hold you in my arms again
I wanna love you baby,
Like I never did before
I wanna sing to you
The sweetest melodies

Into my heart.. you will always be
You will always be

Never gonna let you go
I am gonna love you for ever
