And now we, get off the train we take a backwards  
glance  
Close our eyes and pay a tribute to the memories  
passed  
I light a cigarette and hope that it will calm me down  
Cause I can't beat the urge to tell you not to leave me  
now  
I see a cloud of smoke  
Why does she not turn around?  
Why does she not get off?  
Is it too late now?

(chorus)

This won't be okay  
This won't be alright  
I won't see you tonight, forever, from now on  
Won't you turn this train around  
Please make it stop now,  
I'm going to run and run and run until I reach you,  
I reach you,  
I reach you.

We feel sick that our attempts amount to no avail  
I should have never put an ending to this fairytale  
I've wrote a million times but I've had no replies  
I'll press my nose against the window hoping you'll  
arrive  
I don't know how to tell him soon that I won't be alive.

(chorus)

I hope she's okay  
I hope she's alright  
Its been a long time forever's just too long  
I'm going to find you and ill take you home tonight  
I'm going to run and run and run and run till I reach  
you.

I'll reach you, I'll reach you  
She bleeding, won't someone help us  
Don't you die on me now  
Oh she's bleeding  
Oh won't someone help us

Don't you die on me now  
Oh I'm sorry, she's bleeding  
Don't you die on me now, she's bleeding  
Won't someone help us, don't you die on me now  
Oh I'll reach you
