### Verse 1

Write it on my sheets every night in my sleep so that I  
can stop chewing on my tongue every day of the week,  
yesterday on repeat I don't wanna watch this again.  
I smoke to forget all the things I regret all the promises  
I made didn't do what I said now I'm sitting in a  
bed that she made bet you think that I should lie down,  
But I don't wanna lie down,  
No I don't wanna lie down.

### Chorus

Cause when I think that love will get me through this, I  
run away; it's a little too perfect. I get high and say  
things like I love you babe. When I'm confined, I'll  
find a way out there, I get high cause I suffocate down  
there. If you're right, and this life really is just a  
game;  
I wanna win it, let me win it, let me win it this time (x2)  
Whoa.

### Verse 2

I'm sick of looking down in my face I wish that I  
could shout down down put it in his place wish that I  
could change my faith and erase all the praying that I  
did to be great hoping that I would never see the day  
that I was gonna be great, but only on my own, so  
forgive me if I let it ring when you call me up on the  
telephone.

### Chorus

Cause when I think that love will get me through this, I  
run away; it's a little too perfect. I get high and say  
things like I love you babe. If I'm confined, I'll find a  
way out there, I get high cause I suffocate down there.  
If you're right and this life really is just a game;  
I wanna win it, let me win it, let me win it this time (x2)  
Whoa.  
I wanna win it, let me win it, let me win it this time (x2)  
Whoa
