Don't (don't) you (you)
Get all tough with me
I'm sayin', won't (won't) you (you)
Come kick it with me

And we can have a ball and run up the wall
That's just how we do

And no matter how much I chop and punch
It's not as cool as kickin' it with you

Here we go, let's start the party
Chop it up like it's karate
Everybody

Don't (don't) you (you)
Get all tough with me
I'm sayin', won't (won't) you (you)
Come kick it with me

And we can have a ball and run up the wall
That's just how we do

And no matter how much I chop and punch
It's not as cool as kickin' it with you
