Close together so close together
Close together Christmas together

My 33's on my Panasonic
like a cotton candy maker spinnin with harmonics
and my mama's singin' to it
my daddy's dancing to it
my sister and her suitor they're smiling bout the future
and i'm sittin thinking this is so nice
Wouldn't it be so great if it was always Christmas time

Chorus:

The lights, the trees
And the way they work together in perfect harmony
The friends, the fam gatherin' the neighbors
Singin winter wonderland
And unless you got twenty people
Stuck on the elevator
I can't imagine a time when we're all this close

Close together so close together
Close together Christmas together

As i'm looking over at ehaven
I pray for snowy weather
So i can have a reason to wear un ugly sweater
And my friends must be thinking that i've lost my mind,
ym mind
But i just love all the beauty around
Christmas time

Chorus:

The lights, the trees
And the way they work together in perfect harmony
The friends, the fam gatherin' the neighbors
Singin winter wonderland
And unless you got twenty people
Stuck on the elevator
I can't imagine a time when we're all this close

So lovely this time of year

Mucho amor in the air
And unless you got animals and people
Crowded around the manger
I can't imagine a time when we're all this close yeha

Close together so close together
Close together Christmas together

[Chorus:]

Close together so close together
Close together Christmas together
