i love i love i love i love the way you hold me i love i love  
i love i love the way ya the way ya i've had a long day i  
just wanna relax don't have time for my friends no time  
to chit chat problems at my job wonderin' what to do i  
know i should be workin' but i'm thinkin' of you and just  
when i feel this crazy world is gonna bring me down  
that's when your smile comes around oh i love the way  
ya hold me in your arms i'll always be ya take each and  
every day make it special in some way oh i love you  
more than the words in my brain can express i can't  
imagine even lovin' you less Lord oh i love the way you  
hold me oh oh oh oh oh oooooh i love the way you hold  
me oooooh oh oh whoa i love the way you hold me  
oooooooohoh whoawell ya took my day and ya flipped  
around calmed the tidal wave and put my feet on the  
ground forever in my heart always on my mind it's  
crazy how i think about you all of the time and just  
when i think i'm 'bout to figure you out you wanna make  
me sing and shout-----oh i love the way ya hold me by  
my side i'll always be ya take each and every day make  
special in some way i love the way ya hold me by my  
you'll always be you take each and every make special  
in some waay i love you more than the words in my  
brain can express i can't imagine even lovin you less  
Lord i love the way you hold me ooooohohoh whoa i  
love the way you hold me i'm so grateful and thankful  
for all you've done wish i could tell you in a short story  
or poem but all i have is my voice and this guitar and  
you have my heart oh i love the way you hold me by my  
side you'll always be you take each and every day  
make it special in some way i love you more than the  
words in my brain can express i can't imagine even  
lovin' you less Lord i love the way you hold me  
whooooooooooooooooooooa i love the way you hold me  
whooooooooooooooooooooooooooooa i love the way  
you hold me
