My left brain is racin' free  
And ADD has been chasin' me all day  
Wait what did you just say?  
Okay, Okay  
See I misplaced my master plan  
Courtesy of my attention span  
But I'm a be okay

Just need a little You and me time  
Hit the rewind  
It all comes into view

{Chorus}  
When I'm with You..  
When I'm with You..  
It like anything, everything  
That's weighing on me  
Falls by the wayside  
When I'm with You...  
I love being with You

I smile when You say my name  
'Cause no one's ever said it quite the same  
I listen for it every day  
You know, You know  
On cue it's you, perfect timing  
Dusting off that silver lining for me  
So I can finally see

It's like a cool breeze blowin'  
through my hot pink hair  
On a Sunday afternoon

{CHORUS}

I can't imagine life without you  
I could not make it on my own  
I could write a thousand lines  
While bein' with you feels like home  
So when you offered me salvation  
How could I ever say no  
I'll never find a greater beauty

Than the beauty that you're bringin'  
Bringin' to my soul...  
My soul.....

{CHORUS}
