Praying to the stars at night and waiting for the day
When she comes and makes all my troubles go away
I wait upon a pedestal of hopes and battered dreams
Faded memories that linger on refuse to leave the scene
This feeling that somehow I just can't put into words,
Your voice it rings out loud and clear like a million singing birds,
I just can't shake the thought of you I hope I never will,
You'll always be here in my mind, beneath the whipoorwhils
I'll climb the highest mountain, I'll swim the deepest sea
All I'm asking in return Is you keep on loving me.
Singing songs at the crack of dawn,
Driving through the fog with the flood lights on,
Promise me you'll let this be our song
Sitting on the front lawn, and listen to the breeze
Rushing through orchard, putting apples on the trees
It's growing with the seasons and with every passing day

Discovering a reason, finding each and every way
Just like the bee can't exist without the flower,
I thank god that you're here with every single passing hour,
I don't know what I'd do without you, to get me through the day,
I say words like, "I love you" cause there's nothing else to say.
I'll climb the highest mountain, I'll swim the deepest sea
All I'm asking in return Is you keep on loving me.
Singing songs at the crack of dawn,
Driving through the fog with the flood lights on,
Promise me you'll let this be our song
Your blue eyes,
They haunt me,
I'll climb the highest mountain, I'll swim the deepest sea
All I'm asking in return Is you keep on loving me.
Singing songs at the crack of dawn,

Driving through the fog with the flood lights on,
Promise me you'll let this be our song
