When darkness is collapsing, And crashing to the
ground,
I'll be there to save you, When there's no one else
around.
When tragedy hangs heavy, and you you have lost your
sight,
Look a little harder, and I'll save you with my might.
I want to be your superman,
The one whos's there to hold your hand,
I want to be your superman,
The one who's there to understand,
When the sun don't seem to shine,
I'll be right here by your side.
Because I want to be, your superman
They all keep on talking, You know how word gets
around.
I guess it doesn't matter, I'll face the trouble down.
I'll stop the speeding bullets, and catch you when you
fall,
Having you here for a moment is better than not having
you at all

I want to be your superman,
The one whos's there to hold your hand,
I want to be your superman,
The one who's there to understand,
When the sun don't seem to shine,
I'll be right here by your side,
Because I want to be, your superman
I want to be your superman,
The one whos's there to hold your hand,
I want to be your superman,
The one who's there to understand,
When the sun don't seem to shine,
I'll be right here by your side.
Because I want to be, your superman.
Because I want to be, your superman.
