Always together
But there's something that'll tear us apart
And I'm not much better
A gift they've given us from the start

And the things you write will corrupt my life
But who am I to take
And music's playing in my head always

[Chorus]
What's stopping you
Now you've got it
All that I wanted
What can I do
Now you've taken
Oh, will you break it
Taken from me
Taken from me

I'll always remember
The words you never meant to last
But I'm so self-centred
To make you try erase the past

And the way you lie will corrupt my life
But who am I to blame
And music's playing in my head always

[Chorus]
So what's stopping you
Now you've got it
All that I wanted
What can I do
Now you've taken
Oh, will you break it
Taken from me
Taken from me

And, oh
The plan I had for me
And you just take it

And, oh
The dream I had for me
And you just break it

[Chorus]
So what's stopping you
Now you've got it
All that I wanted
What can I do
Now you've taken
Oh, will you break it
Taken from me
Taken from me
Taken from me
Taken from me
