Take back the hurt and regrets, this wasn't meant for me,

Take back the words that I said, pain dies eventually,

Take back the heart that you sent, it weren't addressed to me,

No it weren't no it weren't meant to be,

I can't keep trying, when I'm feeling the blues,

I can't keep fighting, when I'm fighting to lose,

I can't keep smiling, no I'm not in the mood, what to do?

Maybe we should take a little time out,

Baby we could take a break and find out,

Cos we've been on our own but together, we use to be so close now we're never,

And I'm just getting cold and I'm feeling like I've changed,

You just gotta know you aint feeling all the pain,

I don't wanna go but I'm feeling so insane, I just have to hope hope that I'm not the one to blame,

Now your feeling hurt and I wish that I could help,

I don't wanna seem like I'm just thinking of myself,

But baby this relationship is mucking up my health,

I just wanna be alone I ain't loving no-one else,

So baby wipe the tears right away from your eyes,

Took a whole year right away from your life,  
I wish I could repay you but it's near to the line,  
I just gotta take a while try and clear up my mind, fine,  
I can't keep trying, when I'm feeling the blues,  
I can't keep fighting, when I'm fighting to lose,  
I can't keep smiling, no I'm not in the mood, what to do?

We can keep making up, breaking up, but we aint getting no further,

All the time it's taking up, its making us break, and I didnt wanna hurt ya,

This is not how it used to be, all of this pain is new to me,

I can't keep trying, when I'm feeling the blues,

I can't keep fighting, when I'm fighting to lose,

I can't keep smiling, no I'm not in the mood, what to do?

I just didn't wanna let you go feeling so damn numb from head to toe and, I just wanna be alone again, I just wanna be alone again.

I just didn't wanna let you go feeling so damn numb from head to toe and, I just wanna be alone again, I just wanna be alone again.

I can't keep trying (I can't keep trying)

I can't keep fighting (No I can't keep fighting)

I can't keep smiling, smiling, smiling.

I can't keep trying, when I'm feeling the blues,

I can't keep fighting, when I'm fighting to lose,

I can't keep smiling, no I'm not in the mood, what to do?

No, I can't keep fighting, Yeah, Yeah, Oh.
