If you smile with your eyes closed you'll have no reason
to stop
Until you've gotten what you're looking for
And if you have wings, you should show them off
Make his heart stop and then, fly away

Now I'm not telling you to do something you can't
But I'd like to see you walk off the beaten path
There's a million people out there, who wish that they
could
But their colours fading fast
(Chorus)
Keep running until your knees break
Keep loving until your heart, it aches
This isn't a game that two can play
All I ask is that you stay

If there's something that you've been meaning to do
Just ask someone and hope that they'll pull through
A light sharper than a knife a blade brighter than the
sun
Just flip the switch and hope theres no harm done
(Chorus) x2
Keep running until your knees break
Keep loving until your heart, it aches
This isn't a game that two can play
All I ask is that you stay
