I wonder
Where to go
Who needs a talk to
Is it me or you?
If I believe in what I'm doing
If it's to be wrong
What I'm doing aint wrongful doing
I do it in the name of love

Why don't you watch what you say
When you see what is done?

I wonder
Where to go
Who needs a talk to
Is it me or you?
If I believe in what I'm doing
If it's to be wrong
What I'm doing aint wrongful doing
I do it in the name of love

Why don't you watch what you say
When you see what is done?
Why don't you watch what you say
When you see how all the love is gone?

I wonder
Where to go
Who needs a talk to
Is it me or you?
If I believe in what I'm doing
If it's to be wrong
What I'm doing aint wrongful doing
I do it in the name of love

Why don't you watch what you say
When you see what is done?
Why don't you watch what you say
When you see how all the love is gone?
