"Greatest Mistake"

I treated you wrong and that ain't right
Took me too long to realize
That the only thing
That matters is right now

Because no one knows, if the soul exists
They don't know where it goes
When it gets too hard to lift
I gotta be part of greatest mistake called love

Forgetting my best to treat you kind
Shouldn't have let you read my mind
And that the only thing that matters is right now

Because no one knows, how the heart can feel
They don't know where it goes
When it gets as cold as steel
I gotta be a part of greatest mistake called love

La, la, here's to tomorrow
And old yesterdays
But no taste is finer than today

And that the only thing that matters is right now

No one knows and that is really the point
They don't know why it's so
But it's better not to know
I gotta be part of greatest mistake called love

La, la, here's to tomorrow
And old yesterdays
But no taste is finer than today
