I want to
Fuck your mom
And I don't even care
Who where when why
In the morning
In the bathroom
When she calls I'll be on stand by

It all started watching American Pie
And I called her a milf
As I picture myself between her breasts
As I'm sucking her milk
Then I go deep in my imagination
To forbidden valley
When I'm there I part the seas
And we all come

I want to
Fuck your mom
And I don't even care
Who where when why
In the morning
In the bathroom
When she calls I'll be on stand by [x3]
