Just a kid out of school
Took the underground so what's a broken rule
Was a bum music man
Listened hard and then told 'em of his plan
Say can you spare some time it may save your life
Your life
Music man began to howl
Like the wolf he cried the sadness of the day
Ooooo
Higher and higher
La la la la la la la - la love it
Dig in
Hold on
Very next day sunny day
There were two cats singing in the alley way
As passers by often do
Never know they wear the shoes of a fool
Say can you spare some time it may save your life
Your life
Ooooo
Higher and higher
La la la la la la la - la love it
Dig in
Hold on
Got to believe what I see
Got to see now man what I really need
Then I hold it up and I take a look
And it's one check you to one check me
And a how to get how to get
Ooooo
Higher and higher
La la la la la la la - la love it
Dig in
Hold on
