Play a little kiss and tell with poison pills  
Bitten in the valley of thirst, the body kills  
I got an ocean pearl  
I see an open world  
Ocean pearl!

You just have to whisper, promising the moon  
And if she dares to dream, make it true  
I got an ocean pearl  
I see an open world  
Ocean pearl!

(chorus)  
It's what I wanted

Cuz I'm only gonna do this once  
Gonna wash me in your water  
Put the "vive" back in "la difference" yeah

I got an ocean pearl  
And I'd die without my  
Ocean pearl!

(outro)  
I got an ocean pearl  
I got an ocean pearl  
I got an ocean pearl  
I got an ocean pearl  
I got an ocean pearl
